

This is what most students learn about Lesbian, Gay, Bisexual, and Transgender history in school.

Help us fill in the blanks this December.

LGBT Day of History

December 12, 2008

The Gay Straight Alliance for Safe Schools (GSAFE) teams up with Wisconsin middle and high school Gay-Straight Alliances (GSAs) this December to honor the often hidden contributions, struggles, and progress of the LGBT community. On December 12th please do your part to uplift and learn about LGBT people and issues in your GSA, your classroom, or your school. Because everybody deserves to see their history reflected in school.

Register your GSA today!
